»FMIT Member Program

## FMIT Stands by Member to Rebuild Property Destroyed by Fire.

In the aftermath of the early morning fire that caused significant damage to the Senior Citizens Center, the Hamilton County Board of County Commissioners turned to the Florida Municipal Insurance Trust (FMIT) and SynergyNDS for help.

From the initial emergency and demolition services, proactive claims management and comprehensive design build services, the FMIT supported its Member through their exclusive TurnKey Recovery Program<sup>SM</sup> managed by SynergyNDS.

“FMIT supports our Member’s response and recovery needs.” said Tom Conley, FMIT Account Executive. “Unlike other insurance providers who would just settle and payout the claim, the FMIT and Synergy works with our Members from start to finish.”

Exclusive to those Members who insure their property through the Trust, FMIT TurnKey Recovery<sup>SM</sup> eliminates upfront out-of-pocket expense associated with an insured property loss. Managed by SynergyNDS, TurnKey Recovery<sup>SM</sup> helps to minimize the financial burden that property claims can have on Members net cash flow. Claim related recovery costs, project material deposits and vendor progress payment are eligible for direct payment to qualified contractors.

“SynergyNDS directed the recovery efforts on behalf of the County and our Insurance by identifying the scope-of-work, administering the solicitation process and managing build back activities,” said Danny Johnson, County Coordinator. “Working as the County’s Project Manager, SynergyNDS eliminated our exposure and the need for the County to incur costs and wait for reimbursements from insurance.”

With economic conditions and staffing adjustments challenging public entities, FMIT TurnKey Recovery provides a no-cost solution that adds experience and capacity to one’s team. All FMIT Members who insure property through the trust qualify for TurnKey Recovery<sup>SM</sup>. Additionally, Members can take advantage of other recovery programs and services offered by FMIT to better plan, prepare and respond to unplanned events. For more detailed information on TurnKey Recovery<sup>SM</sup> contact your FMIT Account Executive or go to [www.synergyfmit.com](http://www.synergyfmit.com).
