	Waste Water Treatment Plant	Engineering	06-09-2015	Warming up equipment. Two more workers onsite. Plan is to drill two piles that are ready, then prepare those for slurry. This will give us 16 piles that can be backfilled and compacted.	
	Waste Water Treatment Plant	Inspection	06-09-2015	We will slurry 14 piles and drill two new today. Start backfilling and compacting. Set safety and work zones.	
	Waste Water Treatment Plant	Engineering	06-08-2015	While drilling pile #47 ran out of fuel. Will continue in the morning.	
	Waste Water Treatment Plant	Engineering	06-08-2015	Start drilling pile #47	
	Waste Water Treatment Plant	Engineering	06-08-2015	Completed pile #27 115' to the top. Loaded tested last three piles.	
	Waste Water Treatment Plant	Engineering	06-08-2015	Removing pile casing from #27 due to stripped threads
