

FMIT Response & Recovery

- Exclusive to FMIT Members that Insure Property with the Trust.
- Governed by FMIT and Offered as part of Member Services

FMIT Recovery Program Manager

FMIT Member Programs

◦ No COST to FMIT Members on Insured Losses ◦

Under the direction of FLC’s Insurance & Financial Services, FMIT Members benefit from exclusive response and recovery programs administered by SynergyNDS. Reporting to the FMIT Board of Trustees, SynergyNDS is the Recovery Program Manager contracted by the Trust to provide planning, response and recovery services to all FMIT Members. Programs are provided at no cost to FMIT Members. For more information on specific programs, go to: www.synergyfmit.com

FMIT-CIRTSM (Critical Incident Response Team) responds to Members losses 24/7 as the initial FMIT strike team supporting insured property claims – both isolated scenarios as well as a catastrophic event. FMIT-CIRT (organized by SynergyNDS) is comprised of multidiscipline experts from Cause & Origin Investigation, Engineering Services and Emergency Response that report directly to the FMIT Claims Department.

FMIT-RAPID AssessmentSM provides Members real-time solutions to capture initial property loss information using mobile applications. Data collected in the field (property ID, loss info and photos) are uploaded automatically to Members’ online simpliCitySM Claim Dashboard and distributed to all involved parties. Seamless integration allows FMIT to capture claim data and reserve eligible insurance proceeds quicker for Member.

FMIT TurnKey RecoverySM Program eliminates Members’ upfront out-of-pocket expenses associated with an insured property loss. Administered by SynergyNDS, FMIT TurnKey RecoverySM allows all FMIT approved Member recovery costs, upfront material deposits and contractor progress payments to be paid direct to applicable vendors. FMIT TurnKey RecoverySM provides real-time reporting and experienced Project Management at no additional costs to Members. FMIT TurnKey RecoverySM is for insured property losses.

FLC-PACT (Public Assistance CloseOut Team) was formed by FLC to help ensure Members maximize anticipated insurance proceeds and eligible FEMA Public Assistance (PA) during a declared event. FLC-PACT helps bridge the gap between Insurance and FEMA throughout the recovery process. Working with FMIT Members on insured property losses, FLC-PACT supports FEMA PA project development, closeout audits and insurance appeals.
