

TMLIRP Member Election Form (Work Authorization)

PROGRAM OVERVIEW (TML Laura Response Program):

The Texas Municipal League Intergovernmental Risk Pool (TMLIRP) has pre-approved and engaged SynergyNDS to provide Emergency Services (for those Members who elect to use the services) to Scheduled Property specific to eligible damages caused by Hurricane Laura. This program is called the TURNKEY RECOVERYSM PROGRAM and has been in use over past Storm Events to help better serve TMLIRP Members after a loss ([refer to www.synergynds.com](http://www.synergynds.com)).

The TMLIRP Member can request these services be provided by SynergyNDS by signing the MEMBER ELECTION FORM (Emergency Work Authorization). All services performed by SynergyNDS will be reviewed by the specific TMLIRP Member and approved in advance by TMLIRP Claim's Department in efforts to expedite recovery efforts and minimize Member's upfront out-of-pocket expense. Cost of services will be reviewed by all involved parties and TMLIRP will make direct payment (on behalf of Member) direct to SynergyNDS.

Under the TURNKEY RECOVERYSM PROGRAM, TMLIRP and SynergyNDS will work together to serve the needs of the Member by identifying storm damages, approve necessary scopes-of-work and overall recovery costs in a manner that will protect the Member from incurring or becoming liable for any additional costs related to the covered claim, except for the stated deductible obligation, covered exclusions or scheduled limits of coverage. TURNKEY RECOVERYSM helps protect Members' operating reserves by reducing or eliminating the Member's upfront out-of-pocket expense while waiting for reimbursement from TMLIRP inline with a more traditional claim's approach. In the event there are identified costs that are not covered and would apply to the Member, it will be the responsibility of SynergyNDS to notify all involved parties for direction/approval prior to acceptance &/or further binding agreement.

The TURNKEY RECOVERYSM PROGRAM is intended to provide damage assessments, demolition services, stabilization of buildings/structures, restoration & reconstruction scope-of-work, coordination and project management of contractors, and FEMA Public Assistance support. However, this program is flexible to fit only the individual needs of a Member by eliminating services not needed or limiting services to only certain properties.

TMLIRP respects the individual desires and preferences of its Members and their ability to self-govern. The TURNKEY RECOVERYSM PROGRAM is available and approved to Members who find it will support their recovery efforts.

TMLIRP Member Election Form (Work Authorization)

Should the Member elect to use the TurnKey RecoverySM Program for property loss covered by TMLIRP and damaged by Hurricane Laura, simply sign this form and return it to TMLIRP. All additional questions &/or concerns should be directed to the managing TMLIRP Claim's Specialist.

The _____ elects to participate and take advantage of the benefits provided through the TurnKey RecoverySM Program specific to eligible damages to scheduled property caused by Hurricane Laura. The Member understands that SynergyNDS will act as the Recovery Manager on the covered property loss for the Member by managing and paying vendors directly. The Member also understands and approves TMLIRP shall reimburse SynergyNDS directly on covered property loss for eligible audited and incurred costs approved under the claim. Member will be responsible to account for the applicable deductible obligation and should follow standard procurement procedures to ensure that any costs outside of TMLIRP Insurance Proceeds are followed as necessary to comply with any potential FEMA Public Assistance reimbursement opportunities. SynergyNDS will be expected to work with Member to support the FEMA PA process and to provided required insurance documents (specific to the claim) to assist in supporting Scope Development and Project Closeout as related to TurnKey RecoverySM project(s).

In the event there are identified costs that are not covered by TMLIRP and would apply to the Member, it will be the responsibility of SynergyNDS to notify all involved parties for direction/approval prior to acceptance &/or further binding agreement.
